

GET CONFIDENCE FOR THE LONG HAUL WITH **OUR RIGOROUS 100+ POINT HEAVY-DUTY CHECKLIST**

All qualifying heavy-duty vehicles have passed a 100+ point checklist, so you can enjoy confidence and peace of mind.

25
POINT
INSPECTION

CAB INTERIOR

Examines every part of the vehicle's interior from HVAC and APU to lighting and power options.

5
POINT
INSPECTION

VEHICLE DETAILING

Updates the interior, including a new mattress, and steam cleans the engine.

26
POINT
INSPECTION

UNDER THE HOOD/MECHANICAL

Ensures engine emissions components and engine computer are brought up to the most current standard.

20
POINT
INSPECTION

VEHICLE EXTERIOR

Focuses on bracketry, exhaust and air line routing. Fifth wheel and tire quality are inspected.

4
POINT
INSPECTION

AFTERTREATMENT

Visual inspection of the DPF and key components inspected, cleaned or replaced. Aftertreatment tested via on-board diagnostics.

10
POINT
INSPECTION

ADD-ONS

Complete test drive to ensure transmission, steering and all gauges operate as designed.

26
POINT
INSPECTION

UNDER VEHICLE

Corrects fluid leaks and inspects driveline wear, brake drums and brake shoes.

ONCE THE INSPECTION IS COMPLETE, A QUALITY CONTROL ROAD TEST IS PERFORMED TO FINALIZE THE CERTIFICATION PROCESS.
